

# Elite *speaker cables*

## ES15 (1.5mm<sup>2</sup>), ES25 (2.5mm<sup>2</sup>), ES4 (4mm<sup>2</sup>)

High-performance cables for speakers.

Insulator: "Flexible PVC Soft Touch".

100% Oxygen Free Cooper (OFC) conductor.

The OFC technology permits to reduce the dioxide formation and so it gives optimum efficiency of high frequencies.

The perfect technical complement for ELITE installations (UTOPIA / K2 POWER speakers).

Individual packaging.

Insulator: "Flexible PVC Soft Touch".  
Translucent light black.

### TECHNICAL CHARACTERISTICS

3 different gauges ensuring the coaxial kit connection to the subwoofers

ES15: 1 roll of 12m x 1.5mm<sup>2</sup> (133 strands x 0.12mm)

ES25: 1 roll of 12m x 2.5mm<sup>2</sup> (224 strands x 0.12mm)

ES4: 1 roll of 12m x 4mm<sup>2</sup> (357 strands x 0.12mm)
