Tweeters upgrade for Toyota

SEPT 2020

New IS TOY 165 TWU

The 2-way component kit **IS TOY 165 TWU** is designed for drivers who want to replace their original audio system **without** oem tweeters location.

The speakers drivers integrate the polyglass cone for defined midrange and aluminium/magnesium inverted dome tweeter, installed by specific Pod support.

WHAT IS THE KIT FOR ?

- Made to allow installation of an exploded kit in a Toyota when there is no tweeter location
- Allows an audio upgrade replaces an original coaxial
- Allows to install a focal tweeter thanks to an oriented pod to be installed in the mirror triangle.
- All accessories are include, extension tweeter cable, pod, screws
- Which cars? all models of the Toyota brand like Hilux, Wigo, Versa....
